STILL HAS HOPE.

Witte Thinks Nation Will Eventually Evolve Just Government Regime.

Paris, Oct. 5.—Count and Countess Witte arrived here Wednesday from Germany. The count, who has considerably improved in health, attended a theatre Wednesday night, his presence attracting much attention. He says he has absolutely no connection with the direction of affairs in Russia, but is following the developments with the keenest interest. The former premier added:

"The empire is passing through a great crisis, but although I am a pessimist at present, I have not abandoned hope of seeing eventually a parliamentary and monarchical regime suited to the needs of the country."

Count Witte said he did not desire to reply to the attacks or criticism of the enemies of Russia, "especially when they come from men of the stamp of Schwarzschild," the controller of the empire.

But One Game In American League Yesterday

CHICAGO BEAT CLEVELAND

In National League Chicago Cubs Shut Out Pittsburgh—New York Defeated Philadelphia and Brooklyn Won From Boston Twice.

The waning baseball season saw but one game played in the American league yesterday. That was between the new champions from Chicago and the aspirants for second place, Cleveland. The champions won the game by the score of 3 to 1 and turned back the Indians, who were hoping to root the New York Highlanders from second place.

The New York-Philadelphia game, the only other scheduled in the American league, was called off on account of rain.

In the National league the other Chicago champions played all around Pittsburgh and added another spike to their great record of games won. The New York Giants managed to get away with a game from Philadelphia by the score of 7 to 4. The fast-moving Brooklyn took two games from Boston yesterday, and thereby stepped into the lead of the second division clubs, taking the place of Cincinnati.

Catarrhal Gastritis

"For two years I was in a very bad condition. I was treated by a number of eminent physicians for chronic catarrhal gastritis and dilatation of the stomach, and obtained no relief. I grew gradually worse, my breathing was so difficult at times that I thought I would die. My heart was in very bad condition from poor circulation and pressure of the dilated stomach. I decided it was only a matter of a very short time with me. I was advised to try Dr. Miles' Nervine and Heart Cure, and before I had finished taking one bottle of the medicine I felt like a new being. I took eight bottles of the medicine, and am entirely cured, for a matter of about \$8.00 in the face of two hundreds spent in the two years before without relief."

MURDER MYSTERY IS PUZZLING THE POLICE

Disembodied Body of Child Found in Young Woman's Trunk in Philadelphia.

Philadelphia, Pa., Oct. 5.—The disembodied body of a male child found in a trunk in the storeroom of the Young Women's Christian Association building, at Eighteenth and Arch streets, is another murder mystery to puzzle the police. The remains give evidence of unusual vitality, as the victim was cut up alive.

The discovery was made on Saturday by Miss Elizabeth Smart and Mrs. Josephine Gannon, the latter acting house-mother of the association, and they notified Coroner Jerome and Captain of Detectives Donahy. The remains were in Miss Smart's trunk, which was stored with 300 others.

On Saturday she wanted a wrap, and on opening the lid of the trunk the odor caused her to nearly swoon.

Since Sept. 1 13 girls, resident and transient boarders, have left, but they have all been examined, as well as the 400 in the building.

Detectives believe the child was not killed in the building.

MANY DRIVEN FROM HOMES.

Large Fire in New York Tenement District.

New York, Oct. 5.—Ninety families were driven from their homes, three firemen were injured, property valued at 50,000 was destroyed and surrounding property valued at millions was seriously threatened by a fire which started early yesterday in the heart of the leather district. This spot, bounded by Frankfort, William, Gold and Spruce streets, is regarded as the centre of one of the most dangerous fire zones in the city. The flames were extinguished only after three hours of the hardest kind of work. One of the buildings which was threatened was St. Gregory's Hospital. The fire started in a four-story building at 31 Frankfort street, occupied by De Zoghe Bros., paper merchants, and immediately spread to three four-story tenement houses adjoining.

Watts while the district attorney went into the cases of the grand jury, where it is thought the case of the students were being considered.

MAGOON TO GO TO CUBA

Eminently Fitted for This Very Important Position—Bell Will Command the Troops in the Island.

Washington, Oct. 5.—It has finally been settled that Magoon will succeed Taft as provisional governor of Cuba. There seems to be no question that he has qualifications which eminently fit him for this important post. Another important question has been decided by the sending of General Franklin K. Bell, chief of staff, to Cuba. Because he is Funston's senior he will take command of the United States forces in the island. It is explained that this is no reflection on General Funston. General Bell's work, it is stated, will be as much diplomatic as military, and that he will act as an adviser to the new governor. The actual work in the field, disarming of the rebels, and such matters, will be left to
